It's no coincidence the brand-new debut CD from STL super smooth pop-rockers **John Boy's Courage** is entitled *The Fall Precaution*...because "fall" is precisely what you're going to do when you listen to it.

These 13 songs will suck you in, from Todd Sarvies' slightly scratchy and oh-so-earnest vocals to Chris Taggart's dreamy hooks to soaring melodies to solid beats to lyrics you can actually relate to. Start to finish, *The Fall Precaution* is an enjoyable and inspiring listen, likely to induce the building of sand castles to the sky—or, more likely this time of year, the sculpting of snow angels.

Also on the bill are **Remedy**, **Theodore**, and **Wydown**, three diverse yet skilled local acts, none of whom will disappoint.
